

Bringing sustainability  
to the world

# PETROLEUM-FREE INDUSTRIAL OILS

# TIMELINE

- Regeneration oil machine **2010**

- First trials
- Organic synthetic Water miscible fluid launch

**2012**

- Innovation notice   
- Development Water-miscible fluids with neat density

**2016**

- 83% growth on sales
- Marketing work for a new name: MORLUB

**2018**

- Development of neat oil based on renewable resources  
- 125% growth in the Pandemic

**2020**

- Project 'Produção +Limpa' launch
- There was a change of address and expansion of the company

**2021**

**ESG**

**2022**

# OUR ORGANIC SYNTHETIC PRODUCTS

## MINERAL OIL FREE

- Water-miscible fluids for high-performance;
- Neat oil based on renewable resources;
- Water-miscible fluids with neat density;
- EDM oil;
- Hydraulic oil;
- FELC oil;
- Greases;
- Lubricants oil;
- Pneumatic oil;
- Protective oil;
- MQL oil;
- Burnishing oil;
- Compressors oil;
- Degreases;
- Solvents;
- Fluid dispenser;

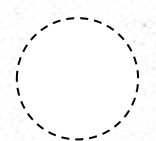

# TECHNICAL FEATURES

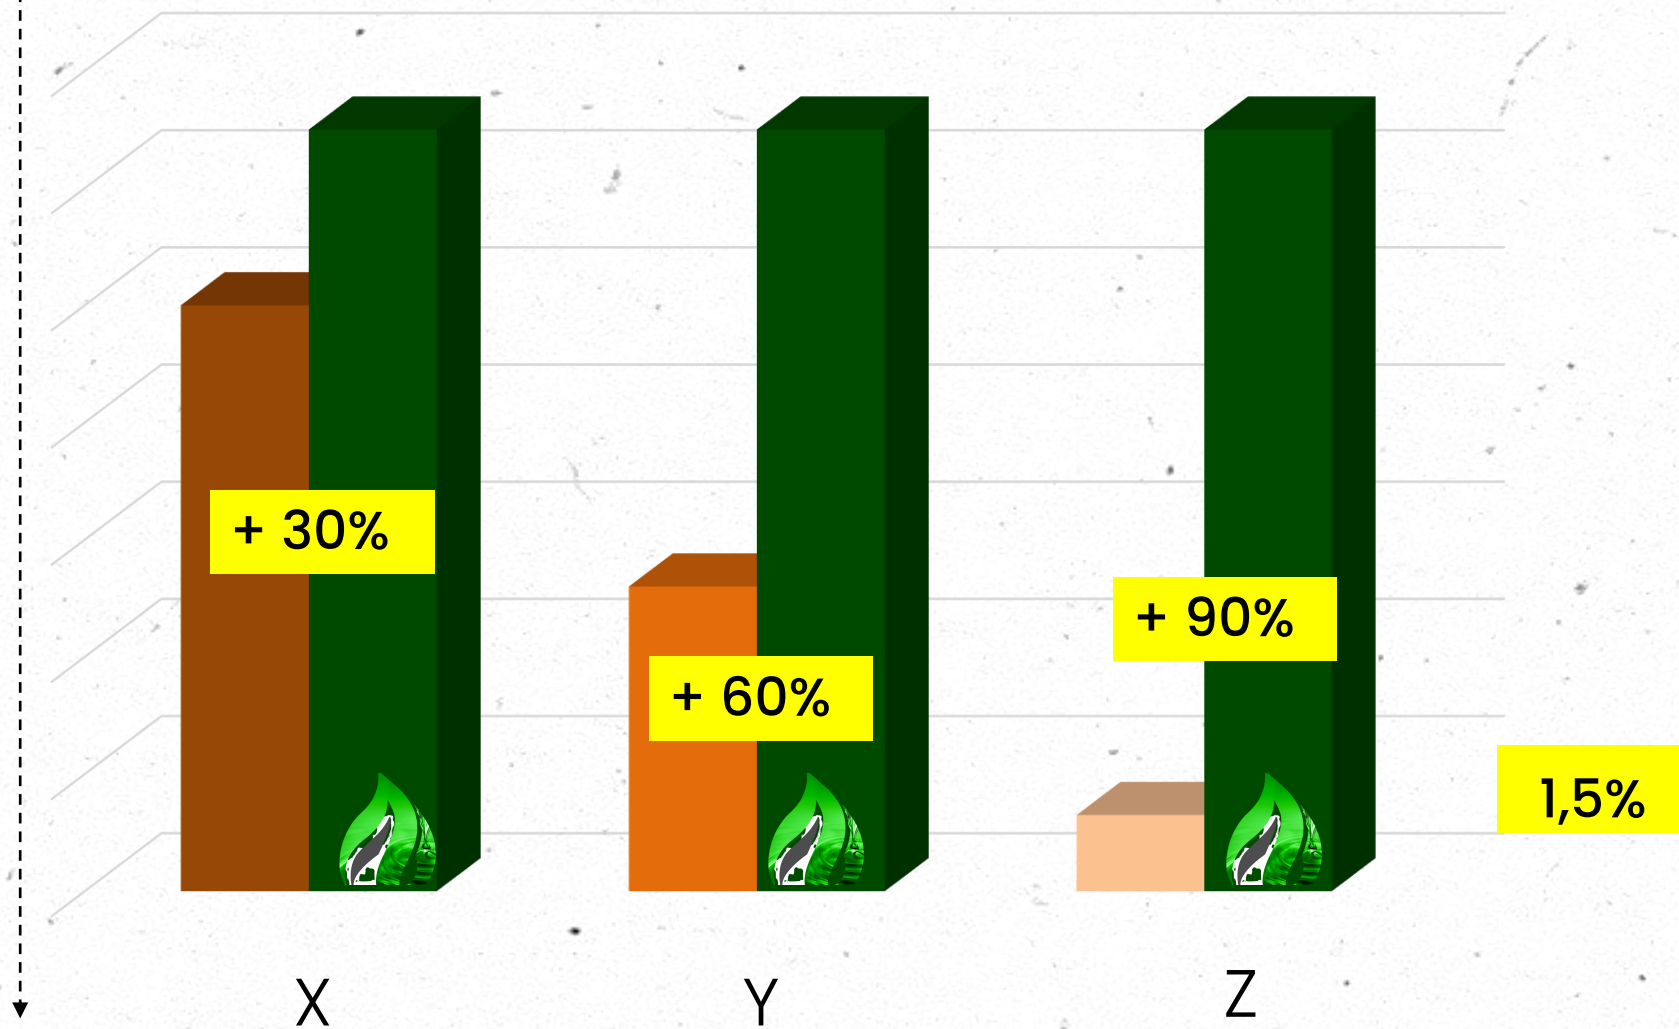

- ▶ Organic synthetic from renewable sources
- ▶ Mineral oil free / petroleum free
- ▶ Increases tooling performance
- ▶ Low replacement
- ▶ High performance products

Hydraulic oil  
EDM oil  
Protective oil

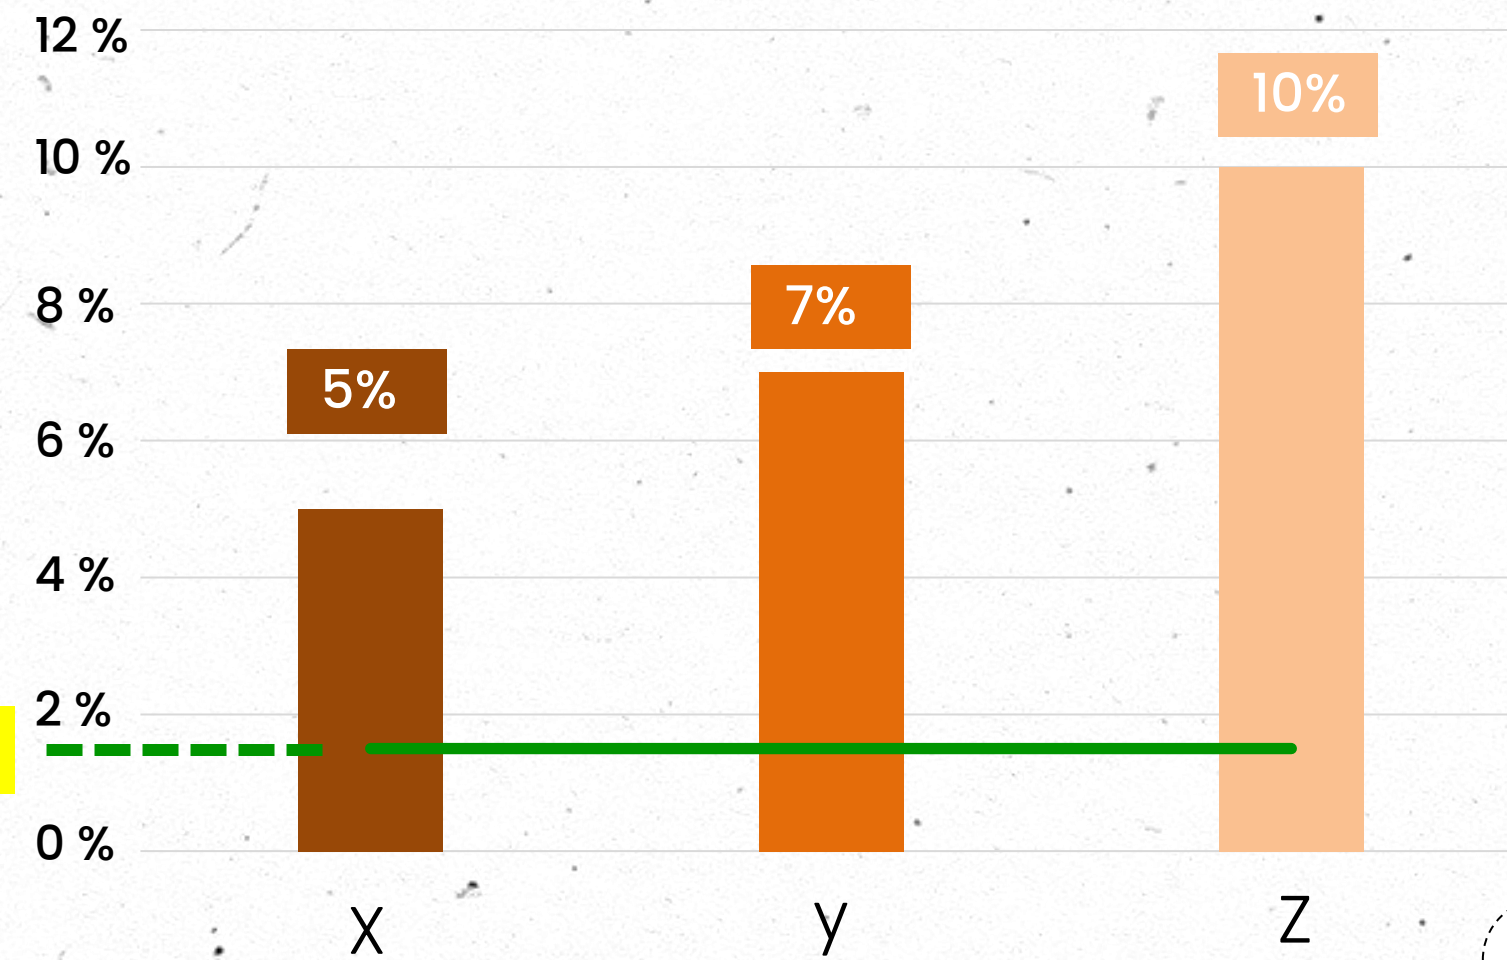

# HIGH-PERFORMANCE, PETROLEUM-FREE INDUSTRIAL OILS: MORLUB THE ONLY SOLUTIONS FOR YOUR COMPANY NOW AND FORWARD

## TOOLING PERFORMANCE

## OIL REPLACEMENT

**NET ZERO CO2 EMISSION IN THE PRODUCTION OF OUR PRODUCTS**

DESCARBONIZATION - 72%  
28% LOGISTIC EMISSION

**RENEWABLE SOURCES**

Mineral oil free  
Petroleum free

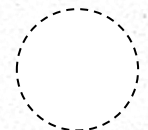

**ENVIRONMENT**

**BIOECONOMY**

**CERTIFICATIONS**

**SALUBRITY**

**SUSTAINABLE**

Bringing sustainability  
to the world

# THANK YOU!

“Sustentabilidade é ser coerente  
empreendendo de forma diferente”

Hélio Ramos de Oliveira
