Rio de Janeiro will host FIRST® LEGO® League International Open Brazil

The city of Rio de Janeiro, Brazil, is the first World Capital of Architecture. The title was presented to the United Nations Educational, Scientific and Cultural Organization (UNESCO) on January 2019, in Paris. In 2012, UNESCO had already granted Rio the title of world cultural heritage in the urban landscape category.

Home to important events such as Rio +20, Art RIO, Casa Brasil at the 2016 Olympiad, among others, the venue Pier Maua has already established itself as one of the most renowned place for holding large events in the marvelous city over the last 20 years.

In this sense, the choice of Rio de Janeiro to host **FIRST® LEGO® League International Open Brazil**, with CARGO CONNECT season is quite compliant.
